4. On the Selection and Criteria

Selection will be by means of analysis of both the candidate's CV and his/her work plan by the Multidisciplinary Committee specially assigned for the task. The work plan must specify the expected activities and products/results derived from the selected professor's actions within the scope of the Post-graduate Program, its concentration area and line(s) of research.

Senior visiting professors with high scientific production, professional and supervision experience will have priority, aiming an effective contribution towards the Program's scientific production, human resources development and cooperation network, within and outside UFBA, thus allowing for joint proposals that may result in scientific-academic production.

In order to be considered for this Public Call, the professor must demonstrate relevant scientific production and supervision experience compatible with the criteria adopted by the Post-graduate Program for admission as a Permanent Faculty Member.

The Multidisciplinary Committee shall evaluate the proposals considering the following criteria and weights:

Criteria	Percentage Weight
Candidate's CV, considering his/her scientific production, and accumulated professional and supervision experience.	50%
Work Plan, observing its merit, relevance and possible results.	35%
Interaction with the Program faculty and/or research groups, with special attention to the constitution of cooperation network and other joint actions.	15%

5. On the hiring requisites

- a) The candidate must hold a Doctorate/PhD degree obtained not up to two years before the application deadline for the Post-graduate Program at UFBA, confirmed by the date registered in the diploma (both sides copy).
